13. Minibus [29 seater] (CS-COM-03-SJ) (PK1/2/4)	To be procured during C/S											

Out of the thirteen (13) vehicles proposed to be procured under the contract, we propose to purchase the eight (8) vehicles intended for use during the Detailed Design stage, and two (2) vehicles originally intended for use during the Construction Supervision stage. The advance procurement of the two CS vehicles will supplement the transport requirements of our team to ensure timely and efficient mobility of our staff, both in Manila and in the Project site, for close supervision of topographic survey and geotechnical investigation works and other data collection activities in the field. Please note that related vehicle operation and maintenance costs shall be limited within the contract budget intended for the Detailed Design stage.

Please find attached tabulation of canvassed prices of vehicles including our recommended models to be procured, for your review and reference.

May we respectfully request your approval to proceed with this procurement plan to meet the operational needs of the project.

Thank you for your consideration, and looking forward to your approval and/or instruction of this request.

Very truly yours,

ICHIZURU ISHIMOTO

Project Manager
